

Nation United Foundation and the Black Lacrosse Alliance are back in 2022 with the second annual Boost Camp.

Boost Camp was created after identifying the lack of support and mentorship that currently exists for minority players. Its goal is to provide them that mentorship and intentional guidance, as well as specific skill development. In order to continue to elevate the game of lacrosse, it's crucial that players have access to the tools that help them reach their highest potential.

Boost Camp is invite-only and will feature top minority collegiate athletes, through 2023 committed players. This will be small group intense training continuing their 360-degree approach towards empowerment, inclusion, and developing athletes.

Staff Includes Current PLL Players, Former College Coaches, and Nation United Alumni.

BOOST CAMP

July 25-27

This will be small group intense training continuing our 360-Degree Approach towards Empowerment, Inclusion, and Development

Invite Only: Current Collegiate Athletes - 2023 Committed Players
